

align  
id: 406935at7742

```
graph TD; A([align  
id: 406935at7742]) --> B([trim]);
```

This diagram shows a workflow for the identifier 406935at7742. It starts with an 'align' step, represented by a red dashed circle, which leads to a 'trim' step, represented by a green dashed circle. A thick gray arrow points from the 'align' step to the 'trim' step.

align
